A healthy diet helps us to stay in shape and to avoid diseases. Whether a diet is healthy or not depends on the type and the amount of food or drink you have daily. The Healthy Diet advises us to eat more fruit and vegetable than cheese and eggs. Fruits like bananas, watermelons, and grapes are all good because they provide a lot of vitamins.

Different kinds of vegetables are also recommended. We can have meat and fish daily, but we shouldn't eat too much. Sweetened food and drinks, such as ice-cream, sweets, or soft drinks should be avoided. It is also recommended that we use fat, oil, or salt in small amounts only.
