BÀI 056

1. The pupils learned against endangered species.
2. She applied with a competitive scholarship.
3. The candidates waited against the announcement.
4. Students should ask against clarification when necessary.
5. These factors account with the increase in demand.
6. The school responded against parents' concerns.

BÀI 057

1. Students adapt for new learning environments.
2. The driver apologised from the passengers.
3. Visitors looked into the exhibition carefully.

4. Nobody should laugh about another person's accent.
5. More students participate into science competitions.
6. The solution resulted with measurable improvements.

BÀI 058

1. They disposed on the hazardous waste safely.
2. The partners agreed to the proposed recommendation.
3. Our team collaborated to local organisations.
4. Several companies compete against international brands.
5. Noisy construction can interfere at classroom activities.
6. Helmets protect cyclists in serious injuries.

BÀI 059

1. The confusion resulted against unclear instructions.
2. We ran about an old friend at the exhibition.
3. Employers must not discriminate at applicants.
4. The student is responsible into organising the event.
5. The lecturer referred against an earlier experiment.
6. The institute specialises on renewable energy research.

BÀI 060

1. Applicants must concentrate to the requirements carefully.
2. The programme is based of scientific evidence.
3. The speaker talked for renewable energy.
4. We should think on the long-term consequences.
5. My sister dreams on travelling across Europe.
6. Parents pay about essential learning materials.

BÀI 061

1. The company is looking against qualified graduates.
2. The report refers against several recent studies.
3. Community projects contribute on social development.
4. Poor planning can lead on unnecessary delays.
5. The coordinator introduced us from the new volunteers.
6. The programme aims into improving digital literacy.

BÀI 062

1. Our teacher believes at equal access to education.

2. My brother specialises for computer science.
3. The court accused him with violating the regulations.
4. The speaker convinced the audience into the importance of recycling.
5. She thought into a creative solution to the problem.
6. The students communicated of visiting researchers.

BÀI 063

1. Many people associate exercise into good health.
2. Students benefit at constructive feedback.
3. This explanation differs of the earlier version.
4. She graduated on high school last year.
5. The waste can turn for useful compost.
6. The advisor warned us from sharing passwords.

BÀI 064

1. Her success stems into years of hard work.
2. We should refrain in spreading unverified information.
3. The research team relies for accurate measurements.
4. The committee agreed for a practical solution.
5. The volunteers worked against an environmental campaign.
6. Young people care on the future of the planet.

BÀI 065

1. Residents complained on the excessive noise.
2. Scientists search at sustainable alternatives.
3. The volunteer apologised on arriving late.
4. Young athletes hope on an opportunity to compete.
5. Participants registered from the training course.
6. This laptop belongs on the science department.

BÀI 066

1. Consumers reacted at the sudden price increase.
2. She looks forward into studying overseas.
3. The guests arrived on the conference hall early.
4. The proposal was aimed for reducing energy consumption.
5. Teenagers engage on meaningful volunteer work.
6. This photograph reminds me from our school trip.

BÀI 067

1. We have heard on this environmental organisation.
2. Teenagers learn to cope to academic pressure.
3. Researchers compared the new results at earlier findings.
4. The foundation provided learners to free textbooks.
5. Some teenagers suffer against sleep deprivation.
6. The heavy rain stopped the players into training outdoors.

BÀI 068

1. The inspector looked against the complaint thoroughly.
2. The vaccine protects people on certain infections.
3. The charity is committed against supporting disadvantaged children.
4. The results are consistent against previous studies.
5. Our leaders strive on greater equality.
6. Our class focuses of reducing plastic waste at school.

BÀI 069

1. We can count in our classmates for support.
2. Students ask for available university programmes.
3. The pupils learned in endangered species.
4. Many candidates worry into their examination results.
5. She applied at a competitive scholarship.
6. Students should ask to clarification when necessary.

BÀI 070

1. Only eligible students qualify on the award.
2. The official replied about the student's email.
3. Students adapt into new learning environments.
4. Several residents objected in the proposed changes.
5. The driver apologised into the passengers.
6. Nobody should laugh from another person's accent.

BÀI 071

1. She succeeded at completing the challenging task.
2. The course consists with four practical modules.
3. They disposed against the hazardous waste safely.
4. Many adults approve for the new programme

5. The partners agreed in the proposed recommendation.
6. Several companies compete at international brands.

BÀI 072

1. We shared our findings into other teams.
2. Heavy traffic prevented us to arriving on time.
3. The confusion resulted into unclear instructions.
4. The hikers escaped in the flooded area.
5. We ran with an old friend at the exhibition.
6. The student is responsible into organising the event.

BÀI 073

1. The organisers appealed of local businesses for support.
2. Students depend of credible sources when preparing presentations.
3. Applicants must concentrate in the requirements carefully.
4. The teacher insisted at checking every reference.
5. The programme is based about scientific evidence.
6. We should think for the long-term consequences.

BÀI 074

1. The two teams argued into the project budget.
2. The candidates waited from the announcement.
3. The company is looking from qualified graduates.
4. These factors account on the increase in demand.
5. The report refers into several recent studies.
6. Poor planning can lead for unnecessary delays.

BÀI 075

1. The tutor explained the rules with the learners.
2. Visitors looked to the exhibition carefully.
3. Our teacher believes into equal access to education.
4. More students participate on science competitions.
5. My brother specialises into computer science.
6. The speaker convinced the audience into the importance of recycling.

DẠNG 4 – TRẮC NGHIỆM VẬN DỤNG NGỮ CẢNH

BÀI 076

3. C (about). The speaker talked about renewable energy. — talk about = nói về.
4. B (about). My sister dreams about travelling across Europe. — dream about = mơ về.
5. D (for). Parents pay for essential learning materials. — pay for = trả tiền cho.
6. B (for). Young athletes hope for an opportunity to compete. — hope for = hy vọng có.

BÀI 020 | ĐÁP ÁN

1. D (for). The company is looking for qualified graduates. — look for = tìm kiếm.
2. A (to). Please listen to the instructions carefully. — listen to = lắng nghe.
3. D (to). Community projects contribute to social development. — contribute to = đóng góp vào.
4. C (to). The coordinator introduced us to the new volunteers. — introduce someone to = giới thiệu với.
5. D (at). The programme aims at improving digital literacy. — aim at + V-ing = hướng tới.
6. D (at). The proposal was aimed at reducing energy consumption. — be aimed at + V-ing = nhằm mục đích.

BÀI 021 | ĐÁP ÁN

1. B (in). Our teacher believes in equal access to education. — believe in = tin tưởng vào.
2. B (in). The government invested in public transport. — invest in = đầu tư vào.
3. D (of). The court accused him of violating the regulations. — accuse somebody of = buộc tội.
4. D (of). She thought of a creative solution to the problem. — think of = nghĩ ra.
5. B (with). The students communicated with visiting researchers. — communicate with = giao tiếp với.
6. C (with). The foundation provided learners with free textbooks. — provide somebody with = cung cấp cho.

BÀI 022 | ĐÁP ÁN

1. A (with). Many people associate exercise with good health. — associate with = liên hệ với.
2. C (from). The patient recovered from the illness gradually. — recover from = hồi phục sau.

3. A (from). This explanation differs from the earlier version. — differ from = khác với.
4. B (into). The waste can turn into useful compost. — turn into = biến thành.
5. B (against). The advisor warned us against sharing passwords. — warn against + V-ing = cảnh báo không nên.
6. A (with). The results are consistent with previous studies. — be consistent with = nhất quán với.

BÀI 023 | ĐÁP ÁN

1. D (from). Her success stems from years of hard work. — stem from = bắt nguồn từ.
2. D (on). The team embarked on a new research project. — embark on = bắt đầu thực hiện.
3. D (on). The research team relies on accurate measurements. — rely on = dựa vào.
4. C (on). The volunteers worked on an environmental campaign. — work on = thực hiện.
5. C (about). Young people care about the future of the planet. — care about = quan tâm tới.
6. B (about). Many candidates worry about their examination results. — worry about = lo lắng về.

BÀI 024 | ĐÁP ÁN

1. D (about). Residents complained about the excessive noise. — complain about = phàn nàn về.
2. C (for). We prepared for the final examination together. — prepare for = chuẩn bị cho.
3. A (for). The volunteer apologised for arriving late. — apologise for = xin lỗi vì.
4. A (for). Participants registered for the training course. — register for = đăng ký tham gia.
5. C (to). This laptop belongs to the science department. — belong to = thuộc về.
6. D (to). Several residents objected to the proposed changes. — object to = phản đối.

BÀI 025 | ĐÁP ÁN

1. B (to). Consumers reacted to the sudden price increase. — react to = phản ứng với.
2. C (to). Thousands of students apply to public universities. — apply to a university = nộp đơn vào.
3. A (at). The guests arrived at the conference hall early. — arrive at = đến địa điểm cụ thể.
4. D (in). Teenagers engage in meaningful volunteer work. — engage in = tham gia vào.
5. A (of). This photograph reminds me of our school trip. — remind somebody of = gợi nhớ tới.
6. A (of). Many adults approve of the new programme. — approve of = tán thành.

DẠNG 2 – TỰ LUẬN ĐIỀN GIỚI TỪ

BÀI 026 | ĐÁP ÁN

1. on. Our class focuses on reducing plastic waste at school. — focus on = tập trung vào.
2. on. The teacher insisted on checking every reference. — insist on + V-ing = nhất quyết.
3. on. We can count on our classmates for support. — count on = trông cậy vào.
4. on. The journalist commented on the policy change. — comment on = bình luận về.
5. about. The pupils learned about endangered species. — learn about = tìm hiểu về.
6. for. She applied for a competitive scholarship. — apply for = nộp đơn xin.

BÀI 027 | ĐÁP ÁN

1. for. Students should ask for clarification when necessary. — ask for = yêu cầu.
2. for. These factors account for the increase in demand. — account for = giải thích.
3. for. Only eligible students qualify for the award. — qualify for = đủ điều kiện.
4. to. The school responded to parents' concerns. — respond to = phản hồi.
5. to. Students adapt to new learning environments. — adapt to = thích nghi với.
6. to. The driver apologised to the passengers. — apologise to = xin lỗi ai.

BÀI 028 | ĐÁP ÁN

1. at. Nobody should laugh at another person's accent. — laugh at = cười nhạo.
2. in. More students participate in science competitions. — participate in = tham gia.
3. in. She succeeded in completing the challenging task. — succeed in + V-ing = thành công trong.
4. in. The solution resulted in measurable improvements. — result in = dẫn đến.
5. of. They disposed of the hazardous waste safely. — dispose of = xử lý.
6. with. The partners agreed with the proposed recommendation. — agree with = đồng ý với.

BÀI 029 | ĐÁP ÁN

1. with. Several companies compete with international brands. — compete with = cạnh tranh với.
2. with. Noisy construction can interfere with classroom activities. — interfere with = cản trở.
3. with. We shared our findings with other teams. — share with = chia sẻ với.
4. from. Helmets protect cyclists from serious injuries. — protect from = bảo vệ khỏi.
5. from. The confusion resulted from unclear instructions. — result from = bắt nguồn từ.
6. into. We ran into an old friend at the exhibition. — run into = tình cờ gặp.

BÀI 030 | ĐÁP ÁN

1. for. The student is responsible for organising the event. — be responsible for = chịu trách nhiệm về.
2. back to. The lecturer referred back to an earlier experiment. — refer back to = đề cập lại.
